| 3  | <p><b>IV. Reading:</b></p> <p style="text-align: right;">متن زیر را بخوانید و به سوالات پاسخ دهید.</p> <p>Bacteria are really important microbes. They are very small. Bacteria can live in any area of the earth. They are everywhere! They live all around you, on you and inside you! They aren't all bad; in fact you couldn't live without some bacteria! Some microbes make you sick but most others keep you healthy and even help you to fight some diseases. Viruses are among the smallest microbes on the earth, even smaller than bacteria. They are different from bacteria because they cannot live on their own. Viruses need to be inside a living cell to live and grow.</p> <ol style="list-style-type: none"> <li>How can microbes help us?</li> <li>How are viruses different from bacteria?</li> <li>Some microbes can live outside of our body. <span style="float: right;">a. true    b. false</span></li> <li>It is difficult for us to live without some viruses. <span style="float: right;">a. true    b. false</span></li> </ol>  | 13        |
| 5  | <p style="text-align: right;">متن زیر را بخوانید و به سوالات هر قسمت پاسخ دهید.</p> <p>The camel can go without water for a long time. Some people think it keeps water in its hump. This is not true. It keeps food in its hump. The camel's body changes the food into fat. Then the fat is kept in the hump. A camel cannot keep the fat all over its body. Fat all over in animal's body keeps the animal warm. Camels live in the desert. They do not want to be warm during the day.</p> <p>The desert is very hot. It gets hotter and hotter during the day. The camel keeps this heat in its body because the nights are cold.</p> <p>The Arabian camel has one hump. The Bactrian camel of central Asia has two humps. It also has long, thick hair because the winters are cold in Central Asia. Arabic has about 150 words to describe a camel. Many people who speak Arabic need all these words because the camel is very important to them.</p> <ol style="list-style-type: none"> <li>How does the camel keep food in its body?<br/>.....</li> <li>Why do camels keep the heat in their body?<br/>.....</li> <li>Do camels keep the fat all over their body?<br/>.....</li> <li>Arabic has a lot of words for camels because .....</li> <li>Camels can keep water in their humps. <span style="float: right;">a. true    b. false</span></li> <li>The Arabian camel has long thick hair. <span style="float: right;">a. true    b. false</span></li> </ol> | 14        |
